

17. Let's Swing Our Oars

Let's swing our oars all day long
As our boat glides on the waves.
The water reflects the beautiful white tower.
The green trees and red walls are moving far away.

Chorus

Our boat gently floats on the water
As the sweet wind blows on our face.

Our red scarves wave in the breeze.
Sunlight sparkles on the sea.
Fish watch and listen from below
As we swing our oars singing happily.

Repeat Chorus

We are done our daily classes.
Now it's time to play joyfully.
I would ask you, my dear fellow friends
Who provides this happy life for us?

Repeat Chorus
